

杭州电子科技大学学生成绩单

Hangzhou Dianzi University Student Transcript

Name: Ding Yiran Gender: Male Student Identification No.: 20071213 Years of Program: 4 Years
Date of Birth: December 18, 2001 Date of Entrance: September, 2020 Date of Graduation:
School: School of Electronics & Information (School of Microelectronics) Speciality:

Course	Type	Result	Credit	Grade Point	Course	Type	Result	Credit	Grade Point
*****					*****				
1st Term, Academic Year 2020-2021					Military Training				
College English Listening and Speaking 1B	CP	80	1.00	3.5	Situation and Policies 3	CP	A	0.25	5.0
College English Intensive Reading 1B	CP	81	2.00	3.6	GPA of This Term: 4.26			41.3	92.3
Outline of Modern Chinese History	CP	86	3.00	4.1	2nd Term, Academic Year 2021-2022				
Analytic Geometry	CP	90	3.00	4.5	Computer Network (A)	CP	78	4.00	3.3
College Students Mental Health Education	CP	91	1.00	4.6	P.E.-Volleyball(Man)	CP	83	1.00	3.8
Introduction to Science	CP	92	1.00	4.7	Communication Circuits and Systems	CP	85	3.00	4.0
Programming Using Python Language	CP	92	3.00	4.7	Electronic Information Technology Virtual Simulation Integrated Practice	PC	85	1.00	4.0
Physical Education 1	CP	94	1.00	4.9	Machine Vision Technology and Application	SE	85	2.00	4.0
Situation and Policies 1	CP	97	0.25	5.0	College Career Development and Employment Guidance 4	CP	85	0.50	4.0
GPA of This Term: 4.33			15.3	39.6	Linux Technology and Application	CP	87	2.00	4.2
2nd Term, Academic Year 2020-2021					Digital Signal Processing	CP	88	3.00	4.3
College English Listening and Speaking 2B	CP	80	1.00	3.5	College Career Development and Employment Guidance 2	CP	89	0.50	4.4
College English Intensive Reading 2B	CP	83	2.00	3.8	Analog System Design Practice	PC	89	2.00	4.4
Digital Logical Circuits	CP	83	3.00	3.8	Artificial Intelligence Programming	CP	89	2.00	4.4
Experiments in College Physics A1	PC	84	1.00	3.9	Fundamentals of Technology in Internet of Things	SE	90	2.00	4.5
University Military	CP	84	2.00	3.9	Communication Circuits and Systems Experiment	PC	91	0.50	4.6
Experiments of Analog Electronic Circuits1	PC	85	1.00	4.0	Course Design of Digital Signal Processing	PC	91	1.00	4.6
Chinese Culture with Western Comparisons and Communication	GE	89	2.00	4.4	Ancient Chinese Myths	GE	92	2.00	4.7
Ideological and Moral Cultivation and Legal Basis	CP	89	3.00	4.4	Introduction to Mao Zedong Thought and the Theoretical System of Socialism with Chinese Characteristics 2	CP	93	2.00	4.8
Methods and Applications of Mathematical Modeling (A)	GE	90	2.00	4.5	EDA Technology Experiment	PC	94	1.00	4.9
P.E.-San da and Freedom fight(Man)	CP	90	1.00	4.5	Chinese Legal Culture	GE	95	2.00	5.0
College Physics1	CP	90	3.00	4.5	Foreign Literature Reading	GE	96	2.00	5.0
Mathematical Modeling Foundation(A)	GE	93	2.00	4.8	Electromagnetic Field and Electromagnetic Wave	CP	98	3.00	5.0
Circuit and Electronic Circuit 1	CP	93	3.00	4.8	Situation and Policies 4	CP	A	0.25	5.0
Higher Mathematics A2	CP	96	5.00	5.0	GPA of This Term: 4.36			36.8	92.9
Programming for C Language	CP	96	4.00	5.0	GPA of This Academic Year: 4.30			78.0	185.2
Engineering Drawing	CP	96	2.00	5.0	-----				
Experiments for Digital Logical Circuits	PC	98	1.00	5.0	1st Term, Academic Year 2022-2023				
Metalworking Practice	PC	B	2.00	4.0	Cognition Practice	PC	86	1.00	4.1
Situation and Policies 2	CP	A	0.25	5.0	Advanced electronics practice	PC	89	2.00	4.4
GPA of This Term: 4.48			40.3	83.8	Matlab Design and Simulation Experiment	PC	92	1.00	4.7
GPA of This Academic Year: 4.44			55.5	123.4	Deep Learning Technology and Application	CP	93	2.00	4.8
-----					FPGA Application and Practice	SE	94	3.00	4.9
1st Term, Academic Year 2021-2022					Foundation of Data Structure and Operating System	CP	95	3.00	5.0
Circuit and Electronic Circuit 2	CP	78	4.00	3.3	Introduction to Basic Principles of Marxism	CP	97	3.00	5.0
Introduction to Mao Zedong Thought and the Theoretical System of Socialism with Chinese Characteristics 1	CP	78	3.00	3.3	College Career Development and Employment Guidance 3	CP	97	0.50	5.0
EDA Technology	CP	79	2.00	3.4	Entrepreneurial Base	GE	99	2.00	5.0
P.E.-Basketball(Man)	CP	83	1.00	3.8	Virtual simulation experiment of electronic information technology	PC	99	1.00	5.0
Linear Algebra	CP	83	3.00	3.8	Situation and Policies 5	CP	A	0.25	5.0
Digital System Design Practice	PC	86	2.00	4.1	Psychological Expanding and Practicing	GE	A	1.00	5.0
Practical Translation	CP	87	2.00	4.2	GPA of This Term: 4.84			19.8	57.9
Signals and Systems	CP	88	3.00	4.3	GPA of This Academic Year: 4.84			19.8	57.9
Experiments in College Physics A2	PC	90	1.00	4.5	-----				
Probability Theory and Mathematical Statistics	CP	91	3.00	4.6	Grade Examination Situation				
Experiments of Analog Electronic Circuits2	PC	92	1.00	4.7	College English Test Band 6			457	
College Physics2	CP	92	3.00	4.7	College English Test Band 4			529	
Introduction to Electronic Information	CP	92	1.00	4.7	-----				
Electronic Process Practice	PC	94	1.00	4.9	Transcript Totals-----				
College Career Development and Employment Guidance 1	CP	96	0.50	5.0	Required Course Credits: 131.3	Average:		89.66	
Complex Analysis	CP	96	2.00	5.0	Elective Course Credits: 22.0	GPA:		4.42	
Experiment of High Performance Single Chip Computer System	PC	97	1.00	5.0	Total credits: 153.3	-----			
Signal and System Experiment	PC	97	0.50	5.0	-----End of Transcript-----				
Higher Mathematics A1	CP	98	5.00	5.0	-----

杭州电子科技大学成绩和绩点计算方法

HDU Grade Standard and Grade Point Calculating System

杭州电子科技大学绩点采用5分制。

HDU adopts 5-mark system for Grade Point

1、考核成绩与绩点的关系：

Grade Standard and Converted Grade Point:

百分制	<60	60~69	70~79	80~89	90~94	95~100
绩点	0	1.5~2.4	2.5~3.4	3.5~4.4	4.5~4.9	5.0
五级制	不及格	及格(65)	中等(75)	良好(85)		优秀(95)
绩点	0	2.0	3.0	4.0		5.0
二级制	不合格	合格(75)				
绩点	0	3.0				

Percentage System	<60	60~69	70~79	80~89	90~94	95~100
Point	0	1.5~2.4	2.5~3.4	3.5~4.4	4.5~4.9	5.0
Five degree grading	E	D (65)	C (75)	B (85)		A (95)
Point	0	2.0	3.0	4.0		5.0
Two degree grading	F	P (75)				
Point	0	3.0				

Three grade systems are used simultaneously , specifically as follows:

- 1.The percentage system: Above 60 is passing, 100 is full mark;
- 2.Five degree grading: E-Fail; D-Pass; C-Medium; B-Good; A-Excellent.
- 3.Two degree grading: F-Fail; P-Qualified.

2、平均学分绩点的计算：Calculating Formula:

$$\text{平均学分绩点} = \frac{\sum (\text{所修课程绩点} \times \text{所修课程学分})}{\sum \text{所修课程学分}}$$

$$\text{Grade Point Average(GPA)} = \frac{\sum (\text{Grade points of the course} \times \text{credits of the course})}{\sum \text{Credits for all courses}}$$

3、课程性质英文备注：Notes:

CP=Compulsory Course
SE=Specialized Elective Course
PC=Practical Course
GE=General Elective Course
EC=Extracurricular Course

地 址:杭州市杭州经济开发区白杨街道2号大街1158 邮 编 310018
